NEARLY A HITLESS GAME, DELLAR GAVE FINE DISPLAY

Held Hatters to Tiny Single and no Runs—Eskimos
Got 7 Counters—Record Crowd of 1,800

The largest crowd that has ever witnessed a baseball game in Edmonton turned out yesterday afternoon to see the Eskimos and Hatters have a hitless game. The Hatters have a hitless game in addition to playing errorless, and peppery ball, compiled eleven hits and seven runs off big Nelson. And what were the gaily caparisoned visitors doing all this time. The answer comes back, "Nothing." Phil Dellar occupied the mound for the locals and pitched a game that was worth going miles to see. He held the visitors without the vestige of a hit until the ninth inning. Bugs Shaffer had the honor of making the only hit. Dellar had everything in a pitcher's repertoire and was backed up by his team mates in big-league style. Moose Baxter was bubbling over with pepper and made a big hit with the fans by his smooth work on the mound. The batter was under the weather and Deacon filled in at second in his usual competent style.

Mills was the leading stickler with three safeties, while Chexy Cox, Lussi and Spencer were legged a pace. The visitors gave Nelson rather indifferent support, though he did well until the seventh, when a fusillade of hits brought in five runs and wrecked the game.

Umpire Longenecker, the Hero of the Rio, and the master referee from Diamond Park, handled the indicator and there wasn't a solitary kick on his decisions.

The Run Getting

The Eskimos got away from the drop of the bat, and quickly forced a run across the plate. Mills opened with a beauty single over second, but was forced out on Baxter's grounder to third. Moose purloined second and promptly annexed third. Pete hit to Rodosney, who put it into the hole and down between third and home until Pete made third. He scored when Chexy singled to centre. Lussi took one in the back of the trousers and walked to first, but Spencer grounded, second to first. One run.

Chexy Starts Something

We came to life again in the sixth. Chexy picked a nice hit just behind second base and travelled to centre station on Lussi's sacrifice hit. Chexy scored the plate when Stub singled over second. Spencer was forced at second when Brennan hit to McClelland. Johnny stole second. Deacon made nice try for a hit, but Harpes got with a nice stop and peg. One run.

Lock the Gates, Mother

You may have heard of the beer that made Milwaukee famous. The Eskimos hitting in the lucky seventh had the same effect on the Medicine Hat conglomeration.

McClelland looked like Dellar's grounder and the peerless pitcher was safe at first. Mills hit one to right which Whisman almost got. Dellar taking second. Moose hit out to bunt and bases are laid. Morse hit 100 Nelson and Dellar was caught at home for first out. Chexy fled to Zim and Mills came in on the throw. Lussi's beautiful hit to centre, scored Morse and Baxter. Bell crossed the plate on Stub's safety pass Harper. Spicer stole second like a flash and annexed third, scoring when Davidson fumbled Brennan's bunt. Deacon doubled to deep centre and Brennan was mailed at the plate, trying to score on his. Five runs.

Bugs Spills Beans

When the eighth finished, the fans were all on anxious feet, wondering whether Hon. Dellar was to achieve that zenith of all pitchers' ambition, a hitless game. But it was not to be. Shaffer, the eccentric one, with two strikes on him, pulled one to right field and the spectators groaned. He was caught trying to reach third on a throw to second which found the bag uncovered, but Lussi very near. Bennett and Whisman were easy outs.

Dellar's performance will stand as a record at Diamond Park for a few days yet to come. In addition to letting down the Hatters with only one hit and no runs, he fanned nine men and issued only two chances. His next turn to pitch will be on Monday against Calgary, and from present appearances he should show them up.

HITS NUMEROUS BUT NOT FOR US

Billy Hamilton's Marauders Took the Evening Game From Eskimos by 10 to 1

The evening game was also well attended, there being 1,427 paid admissions. The overflow crowd, beside the bleachers, was larger than in the afternoon, but there were fewer people in the grand stand.

The game itself was a bit hot, but as to relate, the Hatters were the busy bees. Dretchko started the game for us, and the visitors must have thought it was Christmas Day, and that Drek was Santa Claus. The first four of the enemy slashed out safely, and then Deacon enforced the early closing belief and the side-wheeler was hoisted. Jack Grady was sent in on relay, and found himself in the unenviable position of facing a three run lead and none out, with a cold wind. Jack couldn't overcome the handicap, and though he had some excellent innings, he was hit hard on other occasions.

On the other hand Hall, Clavin is to be classed along with Heinrich, as an Edmonton Hoodoo. He had our heavy hitters playing the ball in the air and hits were as scarce as Tex. Rickard's praise of G. Gillette. Four safeties were the sum total of the Eskimo batting efforts of which Moose Baxter got two. Claf was generous with his passes, issuing eight, of which total Lussi and Brennan got three each. But with-miss, on bases he tightened up and held things safe.

Dretchko Derided

First, first up and first out, Grady to Baxter. Davidson dropped a stone and filling the bases. Davidson was nipped at home when Clavin hit in the eighth. Zimmerman singled and two runs crossed the plate. Bennett fouled to Brennan. Two runs.

The eighth and ninth were scoreless, and the Mad Hatters wild with excitement at winning a game, quickly packed up their bats.

St. Bennett and Shaffer were in excellent spirits all evening and even Billy Hamilton was detected cracking a smile on several occasions.

Tragic figures are compiled below:

"PROMINENT IN ATHLETICS"

Picture No. 2 in The Daily Capital's series of Edmonton's prominent in local athletic circles, will appear in Monday evening's paper. It will be a photograph of Jos. A. Driscoll, secretary of the Irish Canadian Amateur A. C. and president of the I. C. baseball club.

ALEC DECOTEAU, I.C.A.A.A.

Champion runner of Alberta. At Lethbridge on July 1st he won the half mile, two and five mile races. As only 19 years old.

EDMONTON BOYS CAPTURE 13 FIRSTS; HIGH WIND TOLD AGAINST THE RUNNERS

Lethbridge Grazed Open-Mouthed at the Athletic Prowess of the Men From the North.

Lethbridge, July 2.—The annual meet of the Alberta Amateur Athletic Union held here yesterday was witnessed by over 1000 people and was an immense success. A high wind interfered with the runners and made record-breaking almost an impossibility.

Fred S. Parney, of Edmonton, clipped off a fifth of a second. But the jumpers broke all records. The high jump was raised by C. H. Creelock, of Edmonton, from 5 feet 3 inches, to 5 feet 4 1/2 inches, and in the broad jump by G. Cundal, of Mannville, from 19 feet 7 inches, to 20 feet 4 1/2 inches. The pole vault produced the best contest of the meet, when J. Cornfoot of Calgary, raised the record from 9 feet 1 inch to 9 feet 9 inches.

The Edmonton team carried almost everything before it, winning 13 firsts out of the 20 events, and having numerous seconds to its credit. I was a great day for the athletes from the Alberta Capital and they certainly lived right up to the advance notices in the Edmonton papers.

R. Reidford, of Edmonton, Calles, won the Acme Shield for the all-around championship with 21 points. Alec Decoteau of the Irish, being right on his heels with 21 points.

Fred Parney, the Edmonton flyer, won the 100 yards and the 220. Alec Decoteau, the great runner in Alberta at distances over the quarter, won the half, 1/2 and 5 mile events. Williams was second in the half and quarter, Cundal, who hails from Mannville was less for three innings, the Mad Hatters got going again in the fifth.

Morse again distinguished himself by a fine pick-up of Shaffer's fly-cutter. Rodly walked and Davidson hit safely over third sack. McClelland drove one to Lussi and Harper hit safely over third. With three on base, Clavin cleared the stations with a two-bagger to left centre. Zim out, Brennan to Baxter.

And Still some More

The seventh innings was a lucky one, but not for us.

Rodly, first up and first out, Grady to Baxter. Davidson dropped a stone and filling the bases. Davidson was nipped at home when Clavin hit in the eighth. Zimmerman singled and two runs crossed the plate. Bennett fouled to Brennan. Two runs.

The eighth and ninth were scoreless, and the Mad Hatters wild with excitement at winning a game, quickly packed up their bats.

St. Bennett and Shaffer were in excellent spirits all evening and even Billy Hamilton was detected cracking a smile on several occasions.

Edmonton 100 000 000-1
Medicine Hat 500 030 200-10
Summary—Two base hits: Mills, Bennett and Clavin. First on balls off Grady 2; off Clavin 8. Struck out by Grady 11; by Clavin 2. Left on bases: Edmonton 11; Medicine Hat 8. Double play: Shaffer to Harper to Shaffer. Balk, Clavin. Hit by pitcher: White. Scoreless innings: 10. St. Bennett and Whisman, 2 runs. Davidson 2. Time of game, 1:45. Attendance 1500. Umpire Longenecker.

FIGHT RETURNS

Messrs. Clark and McKinley of the Ideal Sporting Headquarters, have made arrangements to get the results of the Jeffries-Johnson fight by rounds.

NEWS FROM ABOARD

Manager Lynch has arranged with Deacon White for the taking over of Pitcher Hickey or Dretchko. They are both good men, but Edmonton can't carry them both—Lethbridge Herald.

MATTY IS KING OF PITCHERS, HUSK CHANCE ADMITS FACT

He Had the Luck to Fill When he Drew to Physique and Brains.

(By C. E. VanLoon)

There are about 200 young men who put in the busy spring and summer with an eye toward honoring Mr. Spalding's excellent little encyclopedia with something like 300 against their names in the column set apart for baseball averages.

Opposed to this bunch we have 100 equally strong and earnest young athletes who work fully as hard to bump the hitters down as close to the zero mark as possible. These are the pitchers of the two big leagues.

The baseball pitcher is an important cog in the baseball machine, considering him from any angle that you like. A cracking good pitcher is worth his weight in gold to a team in the big leagues. How much money would it take to buy Christy Mathewson from the Giants? What is the market quotation of Mordecai Brown? J. Pierpont Morgan might buy these men but no pitchers need any; they are absolutely and literally worth their weight in gold.

Nearly every team in the big leagues has a star pitcher of these stars. He stands out like the Metropolitan tower. And on the base ball skyline there is one young blonde gentleman freely admitted to be the best in the business of ever better that faces them.

I asked Frank Chance one day to name the best pitcher of the present day. I was prepared to hear him mention Mordecai Brown.

"That big Mathewson," said Frank without a minute's hesitation. He's the best he's got."

Christy Mathewson is indeed a remarkable athlete. He has the luck to fill when he drew to physique and brains. There are few pitchers in the big leagues who haven't the speed and curves that they used to have, but they retain their control of the ball and they have as a stock in trade, an intimate knowledge of the weaknesses of every batter that faces them. They "get away with it" because they mix their brains with their limited ability and win over younger men who have speed and curves to burn.

Matty Has Everything

Once in a long time there comes a pitcher who has everything—speed, curves, control and knowledge of his opponents. Mathewson is such a pitcher. He has great physical strength, a fine assortment of curves, including that heart-breaker the "fadeaway" for which there seems to be no antidote, and with all this knowledge of the weak spots of hitting which enables him to feed a man the very thing which he cannot hit.

Mathewson has been "up there" a long time. He was a great pitcher before the illness which came near putting him out of baseball for good, and while he was recuperating he was experimenting with a new series of curves, which might be delivered with as slight a tax on his strength as possible. He discovered the "fadeaway" and he is the only man in the world who can make use of this peculiar drop. It is now his trademark. Lots of fellows know how he throws it; they know how to go through the motions, but when it comes to whipping around the tips of their fingers over the ball in order to make it float up and then fall dead in front of the plate, they have to pass out. "The fadeaway" belongs to Mr. Mathewson, and he will never have to have that delivery patented.

Matty is the big gun of the Giant battery. They shoot him in when they need a game, and the confidence which the big chap inspires sends the New Yorkers out like champagne. Last year Mathewson pitched just as well as if his teammates were tearing the cover off the ball and making runs for him. In one game at the Polo ground, the big blonde, rather peevish because the hitters would not give him an ace to win on, soaked the half into the bleachers for a home run and called it a day. It was the only one he got that season but he got it at the right time.

Has Great Memory

Mathewson's great speciality is finding out the new leaguers do a thing called. He has a memory like a filing cabinet. Be the time he has watched a new man work through a game against a right-hander, Matty comes pretty nigh having what the new man likes, and what is more important, what he does not like.

Of course accidents happen but there is a rule which can be followed with a great deal of safety. Most batters have a fondness for a certain kind of ball and fall down gloriously on a slow one which floats up straight in a string. The next fellow may pray for a slow ball and hit it a mile. That is largely a question of temperament. A nervous man worries over a slow ball. He has too much time to spend in thinking about it and watching it come. The man without nerves stands like a cigar store Indian until he can read the trade mark and then—wango. Some players have a ball close in and nudge on the outside. Gravelly, the outfielder, who went to Minneapolis last season after playing with Boston and Washington, used to murder the most difficult of all fast balls, one high up under his ear on the inside. He gave the American Association pitchers an awful time last year before they noticed that "Wooden Shivers" could hit one off his chin.

So two hitters are exactly alike and this is the part of a top-notch pitcher's business to study the batter and pick up his blind side.

Mathewson excels in this and whenever he is in doubt he has the sure fire drop to fall back on. He is beginning his season in his old form and as he always takes excellent care of himself, the big fellow bids fair to last years beyond the average life of a pitcher. May his rise continue.

DEACON'S WEDDING DAY

The many friends of Mr. and Mrs. Deacon White will join with the Capital in wishing the newly married couple long life and happiness.

The wedding took place in the parlors of the Alberta Hotel on Thursday afternoon and the ceremony was performed by Rev. Robert Pearson of Grace Church. Mrs. Peter Morse attended the bride, who was formerly Miss Ava Deacon of Soan City, Ia., and both ladies were beautifully dressed that would make more than a mere sporting outfit to describe, and looked like the bride of the future. The Deacon and Thas. Rookes gave away the bride and played the wedding march.

After the wedding service, there were speeches and the health of Mr. and Mrs. White was enthusiastically drunk. The bridal party then took a drive around the city in handsomely decorated automobiles and in the evening attended the performance of the Alaskan at the Empire. Among those present at the wedding were Mr. and Mrs. Thas. Rookes and Paul Rookes, Mr. and Mrs. At Bell, Mr. and Mrs. Dellar, Mr. and Mrs. Cox. The directors and players of the Edmonton baseball club, Moose Monroe and the sporting editors of the Bulletin and Capital.

Chexy Cox composed the following ode in honor of the day and it was rendered by the Close Harmony Quartette composed of Messrs. Brennan, Dretchko, Lussi and Cox:

"The Old Gray Bonnet"

Dedicated to Deacon White on his wedding day.

Put away the old gray ball suits,
The old gray ball suits,
And drive all dull cares away,
For when this day is over,
The ball players would be sober,
On Deacon's Wedding Day.

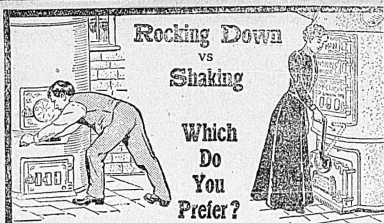

A LITTLE PRAISE

The fielding of Morse at short, and the finished catching of Spencer for the visitors were remarkably brilliant. The Eskimos have all the appearances of a pennant winning aggregation, but we will make them go some—Lethbridge Herald.

SOME OF THE EFFECTS OF THE DRY WEATHER

Shortage of Pasture and Light Hay Crop— Looking a Little Ahead

The immediate effect of the present dry season is a shortage of pasture. In the dairying districts this has been followed by a reduction in the output of butter and cheese. But it is in the beef producing sections of the province that the effect of the dry weather is most keenly felt. Unlike the dairyman, the rancher seldom sinks wells in order to secure a water supply, but relies largely upon springs, creeks, and lakes. Many of these, however, have gone dry, and as a consequence range cattle in many parts of Alberta are suffering from a scarcity of water as well as feed. In order to relieve the ranges shipments have already begun but the cattle are not yet fit for export, so they have to be sold locally as butchers' cattle, with the result that the market for this kind of stuff is somewhat demoralized.

Hay Crops Are Light.

But this difficulty will not end with a shortage of pasture. It is evident that in most parts of the province the hay supply will also be far below normal. This will bring high prices for hay next winter but it will also mean few winter fed cattle and a short beef supply in the spring. The present conditions have however two redeeming features. There is still a large quantity of old hay in the hands of the farmers and many sloughs that have been too wet to mow in the past, will be dry this year and will yield enormous quantities of fairly good hay.

Prepare for 1911

The straw crop will also be light, consequently most farmers are likely to suffer heavy losses in both horses and cattle should the coming winter be a severe one. But it is not too late to prepare for the worst. Beardless barley and early maturing varieties of oats will produce large crops of fodder though sown as late as July 15th. White turnips may also be sown as late as July 10 and produce a good crop. Rape can be profitably sown on summer fallow and winter rye sown about August 1st will provide an excellent fall and spring pasture. Let every stockman make the best possible use of his time during the next two weeks to provide some kind of feed to supplement those on which he has been accustomed to rely but which are sure to be scarce this year.

Dry Weather Facts for Mixed Farmers

Rape sown on summer fallowed ground will produce a large amount of excellent fall pasture for all kinds of live stock and the following year a larger crop of spring wheat or oats will be secured in addition on account of this practice.

White turnips can be grown cheaply. They are heavy yielders and mature early. They are an excellent feed for cattle, particularly those being wintered on straw. Many a man has lost a thousand dollars worth of cat-

tle in Alberta because he failed to supply them with a hundred dollars worth of turnips. Sow them now. Every Alberta stockman should grow winter rye for pasture. It is especially important that he do so this year. Raise plenty of rye and you won't need to lift your cattle. It is not too late yet to provide for a supply of green feed. Nine out of every ten farmers in Alberta will be short of hay next year. Green feed is an excellent substitute for hay to feed to idle horses and all kinds of cattle. Sow it now.

The man who has plenty of feed and a little spare cash will be able to stock up this year with well bred cattle at a small cost to himself. By doing so he will benefit himself and the man who has cattle and no feed.

INSURANCE MEN FINED

President, General Manager and 21 Members of Company Convicted

Newport News, Va., July 2.—President Harris, general manager A. B. Andrews and 21 members of the southeastern underwriters association were convicted yesterday in a magistrate's court of unlawfully conspiring to control insurance rates in this city. They were fined \$500 each. All the cases were appealed.

A TICKLISH MOMENT

Although George Needham of New Britain swallowed a quid of tobacco while playing second base last season, it is doubtful if any one ever had the experience of Magnus of the Phillies, in Brooklyn the other day. He made a hit good for four bases, but swallowed a quid as he was rounding second and was forced to pull up at third base to allow the process of digestion to overcome that of strangulation.

BOYS' BRIGADE WILL CAMP AT EDMONTON BEACH

After visiting all the available watering places near Edmonton the officers of the Boys Brigade have decided to camp at this beautiful beach, 27 miles west of the city, on Spring Lake. They will go to camp on Tuesday, July 5, by way of the C. N. R., to Stony Plain and march from there to the lake. Information can be had by calling Phone 1950 or 1525 or 2106.

Next Sunday at 4 o'clock a temperance lecture on "Intemperance, Its Cause and Cure," will be given in the Orpheum Theatre. It will pay to be there. Good music, good lecture, good time, good folks, good seats, good subjects to listen to and think of. All free, come early.

Handsome new styles in Fancy Hosiery at Kelly & Moore's.

SHINGLE MEN CLOSE DOWN

Vancouver, July 2.—Because of the slack condition of the market, the shingle manufacturers of British Columbia closed down yesterday for indefinite period.

W. R. Armour, owner of the Toledo (American Association) team is on a scouting trip to Western Canada. He is very favorably impressed with Zimmerman of Medicine Hat. Armour should take a look at Brennan, Morse, Mills and Dellar.

Like Such Songs As These

"I'm Afraid of You"
"I'll Make a Ring Around Rosie"
"What's the Matter with Father"
"The Moonlight, The Rose and You"

We desire to announce that our Sheet Music and Small Goods Department is now complete. In standard Music we carry our own complete catalogue, the contents of which have been carefully selected from famous compositions that have become most widely known and are generally accepted.

We make a specialty of Teachers' Supplies, and our stock in this line embraces everything in the line of studies and graded teaching pieces. We also carry the entire McKinley edition of standard and classic sheet Music. The most popular 10c edition in the world.

In this department our friends will always find the latest popular and operatic publications, and we hope to merit the patronage of those who favor us with a call. We carry a large assortment of strings for the Violin, Mandolin, Banjo, etc., and a complete line of small Musical Instruments.

This department is in charge of Miss Z. M. Jeffery, who is an expert in the sheet music and small goods line, and a person who is thoroughly awake to the interests of her patrons.

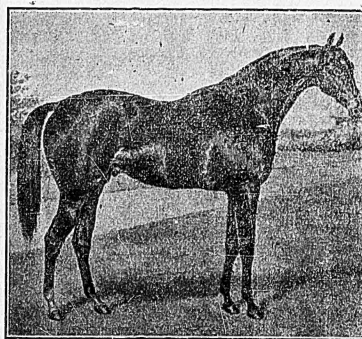

Soliciting your future demands, we remain,

Yours very respectfully,

THE MASTERS PIANO CO.

About Town

The funeral service of the late Edw. Blake will be held in the Northwood Methodist Church on Sunday afternoon at 1:30. The Foresters of the city are requested to attend.

At the First Baptist Church on Sunday, Rev. T. W. Patterson will preach morning and evening. Morning subject, "Our Thoughts and How to Control Them." Evening subject, "The Hand of God in an Oak Tree."

If the "ever-present servant problem" is renewing itself in your home, think out a "want ad. campaign." The want ads—condensed, so that they tell their story with a telegram's brevity and classified so that they are as readily found as a definite street address—are serving more people today than ever before.

The Edmonton Branch of the Alberta Temperance and Moral Reform League gave a special invitation to all comers to their pleasant Sunday afternoon meetings at the Orpheum Theatre at 4 o'clock. The Rev. A. H. Carman will give an address on "Intemperance, Cause and Cure," which will be illustrated by diagram charts. Special music, good singing, Mr. G. W. Cox of Strathcona is expected to take the chair.

"THE ALASKAN" PLEASED ALL

Large Audiences Greet Clever Comic Opera Company at the Empire

Large audiences were delighted yesterday and Thursday by the performance of the well-known comic opera "The Alaskan at the Empire." The company is a large and a good one. Among the principals are numbered several who occupy a prominent place on the musical comedy stage. This is particularly true of Richard Carroll, who for a dozen years has ranked as a comedian of continental reputation. His fun is genuine and in the part of Walsingham Watt, the theatrical director he has a first-class vehicle for the display of his talents along this line. The opera abounds in taut numbers to which full justice is done. Miss Stover as Arlee Easton, Al Raah, as Richard Atwater, and Deimar Popen as Totem Pole Pete, undoubtedly carry off the honors in this department. The duet of the two first named—"The Moth and the Gay Bumble Bee"—and Pete's Totem Pole song brought recall after recall. The latter's "For I Dream of You" was also given excellently well. The snowball scene provoked much merriment. Prof. Kieckhefer was also active in the mirth-provoking line. The company concludes its engagement tonight. It is unquestionably one of the very best that has ever visited Edmonton and no one who is fond of light opera should miss it.

NOTICE TO ORANGEMEN

All Orangemen are requested to attend the next meeting of the L.O.L. 1794 on Monday, July 4th, at 8 p.m. in the Hueston Hall (next the Windmill block, Jasper avenue west), at which meeting all arrangements will be completed for the celebration and walk on the 12th of July. God save the King.

Jack! How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one for me. Well, my dear Brown, don't at Horner's Livery and you have 1924 and order one, Oh, Jack!

CORNWALL HEADS DEPUTATION

To lay before the government the necessity of a road from Edmonton into the Grande Prairie country, a deputation of settlers from that part, headed by James K. Cornwall, M.P.P., will wait on Premier Siiton next week. They are determined that a road shall be built and to that end have collected \$7,000 among themselves and have strated on the construction of a wagon road to the G.T.P. railway, which can be constructed through to Edmonton if the government is willing to help them.

At the present time, Mr. Cornwall said, the settlers were more anxious for a road than a railway as there will be some time before a line could be built. Between \$10,000 and \$20,000 worth of settler's effects have been lost this spring on account of the impassable roads. Settlers, many with supplies for a year, were held up between Lesser Slave Lake and Sturgeon Lake as a result of early melting of the snow, and in consequence of their being no proper road, they were compelled to leave their supplies by the trail.

The fertility of the country will, in the next few years, attract a large number of settlers and the filling up of the country will bring the railroads—hence their interest in the road.

At the present time, Mr. Cornwall said, the settlers were more anxious for a road than a railway as there will be some time before a line could be built. Between \$10,000 and \$20,000 worth of settler's effects have been lost this spring on account of the impassable roads. Settlers, many with supplies for a year, were held up between Lesser Slave Lake and Sturgeon Lake as a result of early melting of the snow, and in consequence of their being no proper road, they were compelled to leave their supplies by the trail.

CANADIAN BISLEY

(Continued From Page 1.)

was exceedingly good. At the 200 yards mark Great Britain and Canada were tied for first place with 392 each out of a possible 400, with Australia close up with 390. The other competitors, India and Singapore, are already out of the running.

At the 500 yards range, Great Britain improved its advantage, putting 372. Great Britain leading at two ranges by seven over Australia and thirteen over Canada. Part of this lead was lost at the third and last range of 600 yards, at which Australia led with a fine score, under the conditions, of 365. Canada being a point behind with 364, while Great Britain only got 362. This left Great Britain in the lead with a total of 1139, four points the best of Australia with 1135, while Canada with 1128 was eleven points behind. The scores were:

Team. 200 500 600 Total
Great Britain... 392 385 362—1139
Australia... 390 380 365—1135
Canada... 372 372 364—1108
India... 378 360 322—1060
Singapore... 382 350 ...—732

Singapore retired at the end of the second range.

The detailed scores of the Canadian team which is about as strong an aggregation as Canada has ever sent across the Atlantic, were:

Captain Forest, 6th D. C. O. R. Vancouver, 49, 46, 40—Total 144.
Sergeant Morris, Bowmanville, 50, 49, 44—Total 143.
Sergeant Russell, Ottawa, 49, 46, 47—Total 142.

Capt. Crowe, Guelph, 49, 45, 47—Total 141.
Private Steel, Guelph, 47, 48, 46—Total 141.

Staff Sergeant Mitchell, Hamilton, 50, 45, 46—Total 141.
Col. Sergeant, Freeborn, Hamilton, 49, 46, 44—Total 139.

Capt. Mellerg, Vancouver, 49, 47, 41—Total 137.
The 800, 900 and 1000 yards ranges will be fired today. This is third time the challenge trophy has been shot for. In 1907 it was won by Australia with a score of 204, New Zealand being second with 205, Great Britain third with 203.

The second occasion was in 1909, when Australia again won, defeating New Zealand by 208 to 198. This is the first time Canada's team has competed.

rested the name Western Ontario, but Elston's suggestion of Middlesex and adjoining counties picnic carried on McLean's motion.

Caledonian Excursion
A large number of people from Edmonton and Strathcona took in the river excursion to Fort Saskatchewan yesterday, which was held by the Caledonian Society. The steamer "City of Edmonton" left the bridge shortly after 10 o'clock with its load of holiday makers and it was quite late last evening when they were landed back in town again. A very enjoyable day was spent.

Dominion House Decorated
Ottawa, July 1.—Dominion Day was celebrated very quietly by the people of Ottawa, thousands of whom left the city for the country. Apart from the sporting events there was nothing going on. The parliament buildings were decorated with British flags and the coats of arms of the various provinces. This is the first time this has been done, but the Minister of Public Works says that in future the buildings will always be decorated on Canada's national holiday.

At Stony Plain
Stoney Plain, July 1.—The Dominion Day sports at Stony Plain were the most successful that have been held here since the inauguration of the annual field day some years ago, both as to the number of entries and the attendance. The sports were splendidly handled, and both the horse races and the athletic events ran off without a hitch.

The attendance is estimated at 1,000. The C. N. R. ran a special train in the morning and it was crowded to the doors. The Stony and Wainman Junctions were there in large crowds and gave a picturesque touch in the field.

Fernie, B.C., At Home
Fernie, B.C., July 1.—Today was Fernie's day at home and her neighbors from Hillcrest, Michel, Hosmer, Coal Creek and other points in the Pass turned out in large numbers to take part in the sports and racing.

The weather was fine and the crowd of people on Victoria avenue where the horse racing took place this evening was the largest ever seen in the town. There were no accidents, everything passed off smoothly. The happy "Hunk, hunk" of the automobile was present, it being estimated that 3,000 people passed through the gates in the course of the day. In every way the opening day of the fair was a success.

Calgary, July 2.—The big Dominion Day celebration here was the opening of the Calgary fair. Tremendous crowds were present, it being estimated that 3,000 people passed through the gates in the course of the day. In every way the opening day of the fair was a success.

Calgary, July 2.—The big Dominion Day celebration here was the opening of the Calgary fair. Tremendous crowds were present, it being estimated that 3,000 people passed through the gates in the course of the day. In every way the opening day of the fair was a success.
